

"Hits" Over, But

We have some good things left from our Sale; things we overlooked in the rush. If you did not get to the sale you will find many Remnants of Wash and Woolen Goods, Odd Lots of Lawns, Suitings, Hose, Slippers, Shoes, Skirts, Waists, &c. Goods that we must sell before we begin to receive our Fall goods. Remember there will be plenty of hot weather yet and this is an opportunity you should not let slip. Those who attended our Sale say it was a success to them from a money-saving standpoint.

High Cotton.

All indications point to the highest prices for cotton goods reached in years. The crop is 3,000,000 bales less than thought, and the manufacturers and wholesalers have very little stock on hand. We have a good supply of Bleach and Brown Cottons, Sheetings, Shirtings, &c., and we are selling them at less prices than the wholesalers will be asking in a month.

We bought some months ago a large part of our Fall stock, in which cotton is used in the manufacture and we are on the ground floor and will give you as good values as you ever bought.
